## SpecCheck Multi-Panel Test Cups

The SpecCheck Multi-Panel Test is a lateral flow chromatographic immunoassay for the qualitative detection of multiple drugs and drug metabolites in urine.

The SpecCheck Multi-Panel Test by Spectrum MDX is a state-of-the-art urine testing product for detecting multiple drugs and their metabolites.

Renowned for its accuracy and reliability, it offers quick, precise outcomes, aligning perfectly with modern healthcare and substance abuse testing needs.

### Specifications

- Integrated temperature strip ensures sample integrity
- Built-in adulteration test checks for tampering or dilution of sample
- Clear result display offers easy-to-read results within minutes
- Secure seal minimizes the risk of sample tampering post-collection
- Customization-Ready, select from a list of 30 unique substances
- Highly accurate (98-100%) 100% in correlation to GC/MS

---

## SpecCheck Multi-Drug Dip Tests

The SpecCheck Multi-Drug Dip Tests are a rapid, lateral flow immunoassay for qualitative detection of various drugs and metabolites in urine, streamlining the drug screening process.

The SpecCheck Multi-Drug Dip Tests are designed for the qualitative detection of a wide range of drugs and their metabolites, using a simple dip-and-read procedure.

This format is ideal for any clinical or workplace setting.

### Specifications

- Rapid result delivery offers results in a matter of minutes
- No additional instrumentation is required to read the results
- Compact design offers ease of storage
- Single-Use and Biodegradable
- Simple procedure that can be performed with minimal training
- Customization-Ready, select from a list of 30 unique substances
- Highly accurate (98-100%) 100% in correlation to GC/MS

## Breath Alcohol Content Tests

**Spectrum MDX offers state-of-the-art breathalyzers designed for both personal and professional use, providing swift and accurate measurement of blood alcohol content (BAC).**

These advanced devices are essential tools for alcohol level assessment, ensuring informed decisions in various settings, including non-DOT and DOT environments.

The breathalyzers prioritize safety and responsibility, offering reliability and peace of mind for users. They are an integral part of promoting safety and accountability in environments where alcohol consumption needs to be monitored closely.

### Specifications

- CE Marked & Health Canada Licensed MDEL: 3171
- Swift and accurate measurements
- User-friendly design for ease of use
- Portable design for facilitating on-the-go testing

---

## SpecCheck Oral Fluid Tests

**The SpecCheck Multi-Panel Oral Fluid Test is an efficient lateral flow immunoassay for detecting various drugs and their metabolites in saliva.**

The SpecCheck Multi-Panel Test for Oral Fluid (Saliva) by Spectrum MDX is a highly efficient lateral flow chromatographic immunoassay designed for the qualitative detection of multiple drugs and drug metabolites in saliva.

This test stands out for its ability to detect recent drug use within a short window, as early as 5-10 minutes post-consumption.

### Specifications

- CE Marked & Health Canada Licensed
- Detects recent drug use as early as 5-10 minutes after use
- Offers a less invasive and more comfortable testing method
- Correlates with impairment and consumption

---

 **Health Canada Licensed MDEL: 3171**

## Tailored Testing: Custom Drug Screening Solutions for Every Organization

At Spectrum MDX, we understand that each organization has unique needs when it comes to drug testing. That's why we offer customizable drug test solutions, tailored to meet the specific requirements of every company we work with.

Our commitment to customization allows us to adapt our testing panels to include a wide range of substances, ensuring that your organization's particular concerns and regulatory requirements are addressed.

### Customization Options

- 6-Monoacetylmorphine (6MAM) / 10 ng/mL
- 7-Aminoclonazepam (7-ACL) / 200 ng/mL
- Alcohol 0.02% (ALC) / 200 ng/
- Amphetamines (AMP) / 1000 ng/mL
- Amphetamines (AMP) / 500 ng/mL
- Benzodiazepine (BZO) / 200 ng/mL
- Benzodiazepine (BZO) / 300 ng/mL
- Carfentanyl (CFYL) / 20 ng/mL
- Cocaine (COC) / 150 ng/mL
- Cocaine (COC) / 300 ng/mL
- Cotinine (COT) / 100 ng/mL
- Diazepam (DZM) / 300 ng/mL
- Ecstasy (MDMA) / 500 ng/mL
- Fentanyl (FYL) / 20 ng/mL
- Gabapentin (GAB) / 2000 ng/mL
- Hydromorphone (HMO) / 300 ng/mL
- K2 (Spice) (K2) / 30 ng/mL
- Ketamine (KET) / 1000 ng/mL
- Lysergic Acid Diethylamide (LSD) / 30 ng/mL
- Marijuana (THC) / 50 ng/mL
- Methadone Metabolite (EDDP) / 100 ng/mL
- Methadone (parent) (MDN) / 300 ng/mL
- Methamphetamine (MET) / 1000 ng/mL
- Methamphetamine (MET) / 500 ng/mL
- Methaqualone (MQL) / 300 ng/mL
- Methylenedioxypyrovalerone (MDPV) / 300 ng/mL
- Methylphenidate (Ritalin) (MPD) / 150 ng/mL
- Opiates (Morphine) (MOP / opi 300) / 300 ng/mL
- Opiates (OPI) / 2000 ng/mL
- Oxycodone (OxyContin) (OXY) / 100 ng/mL
- Phencyclidine (PCP) / 25 ng/mL
- Pregabalin (PGB) / 50 ng/mL
- Propoxyphene (PPX) / 300 ng/mL
- Barbiturates (BAR) / 300 ng/mL
- Tramadol (TRA) / 100 ng/mL
- Zoloft (Sertaline) (ZOF) / 100 ng/mL
- Zopiclone (ZOP) / 50 ng/mL

# Results+ Patient Data Management

Spectrum MDX is a data-driven organization geared to helping healthcare professionals offer enhanced treatment to patients. We have developed an innovative patient / results management platform (called 'Results+') to support practitioners and clinicians in the interpretation, recording and communication of diagnostic results for individuals using our POC devices.

- **Immediate Access to Results:** Quicker treatment decisions and enhanced patient outcomes.
- **Automated Data Entry:** Reducing errors and streamlining processes.
- **EHR Integration:** Making test results instantly available to care teams.
- **Remote Monitoring:** Enhancing care for remote or less mobile patients.
- **Decision Support:** Guiding healthcare providers with evidence-based recommendations.
- **Quality & Compliance:** Ensuring test accuracy and meeting regulatory standards.

# Our Values

## Trust

At Spectrum Medical Diagnostics, trust is the cornerstone of our operations. We understand the critical nature of our services and products and strive to maintain the highest standards of integrity and transparency. Our clients and partners can always rely on us to deliver consistent, accurate, and dependable solutions.

## Diversity

Diversity is not just a value; it's our strength. We believe in embracing different perspectives, backgrounds, and ideas. This inclusive approach enriches our organizational culture and drives innovation, ensuring that we cater to the diverse needs of the communities we serve.

## Innovation

Innovation is at the heart of our growth in a rapidly evolving healthcare landscape. We continuously invest in research and development, seeking the latest technologies and methodologies. This commitment ensures we remain at the forefront, offering cutting-edge solutions addressing current and emerging healthcare challenges.

## Care

Above all, we care. Our dedication to enhancing patient outcomes and supporting healthcare professionals is unwavering. Every product we develop, every service we offer, is a testament to our deep-rooted commitment to improving lives and making a positive impact on global health.
